CURRICULUM VITAE

Jingmeng Cui

Postdoctoral Research Associate, KU Leuven

jingmeng.cui@kuleuven.be | https://jingmeng-cui.netlify.app/ | ORCID 0000-0003-3421-8457

Employment & education

2025–Present **Postdoctoral Research Associate**
KU Leuven · Leuven, Belgium
Project: A nonparametric nonlinear analysis method for psychological dynamic phenomena.
Research Group of Quantitative Psychology and Individual Differences.
Supervisors: Prof. Francis Tuerlinckx and Prof. Eva Ceulemans.
Funding: Postdoctoral mandates KU Leuven 2025 (PDMT2/25/036).

2021–2025 **PhD, cum laude**
University of Groningen · Groningen, the Netherlands
Thesis: *Advancing the analytical tools for understanding complexity in behavioral science*.
Nieuwenhuis Institute for Educational Research, Faculty of Behavioural and Social Sciences.
Supervisors: Prof. Anna Lichtwarck-Aschoff and Dr. Fred Hasselman.
Funding: PhD Scholarship Programme, University of Groningen.

2019–2021 **MSc (Research), Behavioural Science**
Radboud University Nijmegen · Nijmegen, the Netherlands
Graduated cum laude.

2015–2019 **BSc, Material Chemistry; BSc, Psychology**
Peking University · Beijing, China

Publications & software

[*] Equal first authorship. [§] Supervisory authorship (sole or shared).

Peer-reviewed publications

1 **Cui, J.** (in press). An analytical solution eliminates Monte Carlo error in intervention analysis for Ising networks: A comment on Wang et al. (2026). *Advances in Methods and Practices in Psychological Science*. 10.1177/25152459261495514 Accepted manuscript

2 **Cui, J.**, Wagenmakers, D., van Doorn, G. S., Hasselman, F., & Lichtwarck-Aschoff, A. (2026). Analyzing multidimensional formal dynamic models in psychology: A tutorial using graphical tools. *Behavior Research Methods*, *58*, 206. 10.3758/s13428-026-03077-y

3 **Cui, J.**, Lichtwarck-Aschoff, A., & Hasselman, F. (2026). Examining the feasibility of quadratic vector autoregressions for psychological intensive longitudinal data. *Journal of Mathematical Psychology*, *129*, 102984. 10.1016/j.jmp.2026.102984

4 **Cui, J.**[*], Lunansky, G.[*], Lichtwarck-Aschoff, A., Mendoza, N. B., & Hasselman, F. (2026). Quantifying the stability landscapes of psychological networks. *Behavior Research Methods*, *58*, 68. 10.3758/s13428-025-02917-7

5 **Cui, J.**, Hasselman, F., & Lichtwarck-Aschoff, A. (2026). Unlocking nonlinear dynamics and multistability from intensive longitudinal data: A novel method. *Psychological Methods*, *31*(3), 421–437. 10.1037/met0000623

6 **Cui, J.**, Olthof, M., Lichtwarck-Aschoff, A., Li, T., & Hasselman, F. (2025). simlandr: Simulation-based landscape construction for dynamical systems. *The R Journal*, *17*(4), 174–192. 10.32614/RJ-2025-039

7 **Cui, J.**, Olthof, M., Hasselman, F., & Lichtwarck-Aschoff, A. (2025). Examining the research methods of early warning signals in clinical psychology through a theoretical lens. *BMC Psychiatry*, *25*, 261. 10.1186/s12888-025-06688-5

8 **Cui, J.**, Hasselman, F., Olthof, M., & Lichtwarck-Aschoff, A. (2025). Understanding types of transitions in clinical change: An introduction from the complex dynamic systems perspective. *Journal of Psychopathology and Clinical Science*, *134*(4), 469–482. 10.1037/abn0000991

9 **Cui, J.**, Lichtwarck-Aschoff, A., Olthof, M., Li, T., & Hasselman, F. (2023). From metaphor to computation: Constructing the potential landscape for multivariate psychological formal models. *Multivariate Behavioral Research*, *58*(4), 743–761. 10.1080/00273171.2022.2119927

10 He, J., Zheng, X., Liu, M., Du, Y., Liu, G., **Cui, J.**, & Su, Y. (2022). Reciprocity in college teaching: A big data study based on online student evaluation of 919,750 professors. *Assessment & Evaluation in Higher Education*, *47*(8), 1401–1415. 10.1080/02602938.2022.2067980

11 **Cui, J.**, Pei, M., & Su, Y. (2022). Gender-related friend preferences of youths with different sexual orientations: The effects of gender role and sexual attraction. *Psychology & Sexuality*, *13*(2), 265–282. 10.1080/19419899.2020.1734066

Active preprints

1 **Cui, J.**, Ceulemans, E., & Tuerlinckx, F. (2026). Nonparametric inference of stability landscapes from intensive longitudinal data. Preprint. 10.31234/osf.io/tbxue_v1

2 Zhang, L., Wu, X.§, Liu, L., Li, Y., Wang, W., Yuan, H., Li, Y., & **Cui, J.**§ (2026). Fast or slow? Individual and symptom differences in the dynamic speed of psychopathological symptoms. Preprint. 10.31234/osf.io/y9zdt_v2

3 Hasselman, F., Olthof, M., **Cui, J.**, & Lichtwarck-Aschoff, A. (2026). A Recursive Partitioning Approach for Detecting Nonstationarity of Levels and Trends in Time Series Data. Preprint. 10.31234/osf.io/asv5f_v2

Software

R packages: simlandr, SparseVFC, fitlandr, Isinglandr, NVAR, quadVAR (all available on CRAN).

Other publications

1 **Cui, J.** (2025). Advancing the analytical tools for understanding complexity in behavioral science. *Doctoral dissertation*, University of Groningen. 10.33612/diss.1422145646

2 **Cui, J.**, Lichtwarck-Aschoff, A., & Hasselman, F. (2023). Comments on "Climbing Escher's stairs: A way to approximate stability landscapes in multidimensional systems". arXiv preprint. 10.48550/arXiv.2312.09690

Talks

Slides and posters: osf.io/7m96t/. Individual links are provided below.

Conference presentations and invited talks

2026 复杂动态系统分析工具在心理学中的应用 (*The Application of Analytical Tools for Complex Dynamic Systems in Psychology*, in Chinese) [invited talk]. Faculty of Psychology, Beijing Normal University, Beijing, China. Slides

2026 *Nonparametric inference of stability landscapes from intensive longitudinal data* [symposium presentation]. International Meeting of the Psychometric Society, Seoul, South Korea. Part of the symposium "Dynamical Systems Modeling." Slides

2025 *Examining the feasibility of nonlinear vector autoregressions for psychological intensive longitudinal data* [symposium presentation]. SAA Conference, Leuven, Belgium. Part of the symposium "New Developments in Modeling Within-Person Dynamics." Slides

2024 *Unlocking nonlinear dynamics and multistability from intensive longitudinal data: A novel method* [poster pitch]. NPCS Annual Conference, Utrecht, the Netherlands.

2023 *Towards a method to recover nonlinear dynamics and multistability from intensive longitudinal data*. Symposium oral presentation, SAA Conference, Amsterdam, the Netherlands. Slides Part of the symposium "Embracing the complexity of daily life: Methodological advances to capture dynamics in time-series data."

2023 *Common practices in detecting psychological early warning signals may lead to incorrect results*. Symposium oral presentation, International Convention of Psychological Science, Brussels, Belgium. Slides Part of the symposium "Promises and Challenges in Early Warning Signal Research."

2023 *From metaphor to computation: Constructing the potential landscape for the dynamics of panic disorder* [poster]. International Convention of Psychological Science, Brussels, Belgium. Poster & More

2022 *What can we (not) learn from ESM data? Dynamics, context & interactions* [hackathon; with Rineke Bossenbroek, Merlijn Olthof, and Daan Hulsmans]. ESM Network Meeting, Leuven, Belgium.

2022 *Common practices in detecting psychological early warning signals may lead to incorrect results* [poster]. ESM Network Meeting, Leuven, Belgium. Poster

2021 *simlandr: Potential landscape methods for psychological formal models* [oral presentation]. Conference on Complex Systems, Lyon, France. Slides & Files Book of Abstracts

2020 *From metaphor to computation: Constructing the potential landscape for the dynamics of panic disorder* [oral presentation]. Conference on Complex Systems, online. Slides & Files Book of Abstracts

Other talks

2023 *Unlocking nonlinear dynamics and multistability from intensive longitudinal data: A brief workshop of fitlandr* [workshop]. Complex Systems Group lab meeting, Nijmegen, the Netherlands.

2022 *Towards a method to recover nonlinear dynamics from intensive longitudinal data* [oral presentation]. 15th DynaNet lab meeting, Groningen.

2022 *Common practices in detecting psychological early warning signals may lead to incorrect results* [oral presentation]. Human Change Processes 14th Summer School, online. Slides

2021 *From metaphor to computation: Constructing the potential landscape for multivariate psychological formal models* [oral presentation]. Human Change Processes 13th Summer School, online. Slides

2021 *Multilingual programming for psychological research* [oral presentation]. BSI Day, online. Slides & Codes

Teaching, supervision, & organization

Guest lecturer

2024–2025 **Complexity, Dynamics & Development**
MSc Behavioural and Social Sciences, University of Groningen.

2021–2024 **Complexity Methods for Behavioural Sciences**
MSc Behavioural Sciences, Radboud University. Also taught at Radboud Summer School in 2021, 2023, and 2024.

Lecturer

2023–2024 **Statistics 1b**
BSc Psychology, University of Groningen.

Teaching assistant

2021–2025 **Applied Statistics**
MSc Behavioural and Social Sciences, University of Groningen.

2023–2025 **Testtheorie (Test Theory)**
BSc Pedagogical Sciences, University of Groningen.

Supervision and assessment

2025–2026 **Master's thesis reviewer**
Four master's theses, MSc Psychology, KU Leuven.

2023–2024 **Master's thesis co-supervisor**
One master's thesis, MSc Biology, University of Groningen.

2021–2022 **Bachelor's honours project co-supervisor**
One honours project, BSc Psychology, University of Groningen.

Academic coordination

2022–2025 **Coordinator, Complexity in Behavioural Science research group**
Radboud University and University of Groningen.

Ad hoc peer review

Reviewed manuscripts (8 invitations) for Psychological Review, Multivariate Behavioral Research, Journal of Mathematical Psychology, Cognition and Emotion, Schizophrenia Bulletin, and Scientific Reports.

Honors and awards

2026 **Grant for participation in a conference abroad (K183326N)** (IMPS 2026, Seoul, South Korea). Research Foundation - Flanders (FWO), Brussels, Belgium.

2026 **Faculty Nominee, Nicolaas Mulerius Foundation Dissertation Prize 2025**. University of Groningen, Groningen, the Netherlands.

2024 **Chinese Government Award for Outstanding Self-Financed Students Abroad**. China Scholarship Council, China.

2022 **Second Prize Winner, Best Thesis Award**. Behavioural Science Institute, Radboud University, Nijmegen, the Netherlands.

2019 **Excellent Program Prize, Undergraduate Research Training Program**. Peking University, Beijing, China.

2019 **Excellent Graduate**. Peking University, Beijing, China.

2019 **Excellent Graduate**. Beijing Municipal Commission of Education, Beijing, China.

2016–2018 **Merit Student Pacesetter (three times)**. Peking University, Beijing, China.

2016–2019 **Tang Lixin Scholarship**. Peking University, Beijing, China.

2015 **Third Prize, Freshman Scholarship**. Peking University, Beijing, China.
